

FOUNDERS' DAY FESTIVAL

Tuesday, April 25

2–4 p.m.

Kingston Campus Quad

The University of Rhode Island was founded by a small group of big thinkers with \$5,000 and a plan to establish an agricultural experiment station and school at the site of Watson Farm.

On Founders' Day, we pay tribute to our founders, commemorate our history, and celebrate our promising future.

A brief speaking program will be followed by festivities including hayrides, Watson House tours, zip-lines, animals from Peckham Farm, games, historic clothing exhibit, music by Roger Ceresi's All Starz, and complimentary food including hot dogs, kettle corn, and Del's lemonade! Live broadcast by WRIU.

- ▶ First 125 guests will receive a free T-shirt!
- ▶ Free and open to the public
- ▶ Rain date: Thursday, April 27
